ODORLESS
NON-TOXIC
NON-STAINING

BREAKTHROUGH
CLEAN TECHNOLOGIES

2020
COMPLETE GUN
CARE SYSTEM
Traditional gun oils don't fully penetrate porous surfaces, causing the metal to dry out faster and increase frequency of needed lubricant applications.

Our Battle Born line of lubricants penetrate deep into the surface disparities of the metal, providing rust and corrosion prevention and optimal performance. Our solvent and lubricants are non-flammable, non-staining, and non-toxic, so you can clean your equipment just about anywhere. Best of all, every product is odorless, so you don't have to worry about breathing in harmful vapors.

Our Battle Born lubricants are engineered to be fully absorbed into the pores for an even conditioning, reducing the frequency of needed applications.

Metal surfaces that have heavy fouling can lead to reduced accuracy, rust and corrosion.

Breakthrough® Military-Grade Solvent is a completely safe and odorless multi-purpose degreaser that helps remove all carbon, lead and carbon fouling, giving you a no-residue true clean. This non-flammable and non-toxic military-grade cleaner will never stain your wood, plastic or polymer components and is also safe on Cerakote and hydro-printing. Breakthrough® Military-Grade Solvent cleans quickly and efficiently when using less product than other gun cleaning solutions.

Flashpoint: 150°F

Non-water based distilled petroleum solvent that has no carcinogens or hazardous waste materials

No odor, is non-staining, removes all carbon fouling, while completely evaporating, leaving absolutely no residue behind

Truly pH neutral, which means it is safe on your firearm’s wood, plastic, polymers, cerakote and/or hydroprinting

Cleans efficiently, dramatically reducing the duration of cleaning and frequency between cleanings

Has a flashpoint of 150°F and is therefore considered non-flammable

**COPPER REMOVER**

Breakthrough Clean’s Copper Remover safely and effectively removes copper fouling and minimizes future copper build up. It’s virtually odorless and biodegradable formula safely removes copper fouling and maximizes future copper build up without giving off any harmful or strong offensive odors found in other copper-removing solutions on all types of bore steel and won’t etch or harm the barrel.

**MODEL DESCRIPTION**

- **BTCR-2OZ BCT COPPER REMOVER - 2 OZ PUMP SPRAY BOTTLE**
- **BTCR-6OZ BCT COPPER REMOVER - 6 OZ PUMP SPRAY BOTTLE**
- **BTCR-15ML/HEX BCT COPPER REMOVER - 15ML SPRAYER / 35EA PER BOWL**

**SOLVENTS**

Metal surfaces that have heavy fouling can lead to reduced accuracy, rust, and corrosion. Our Copper Remover attacks and effectively removes stubborn copper fouling without harming the inside of your firearm’s bore while leaving a clean metal surface.

- **Heavy Carbon Fouling**
- **Copper Fouling**

**ALL-IN-ONE (CLP)**

This biosynthetic All-In-One (CLP) is expertly crafted using the finest base oils, additives, and most effective solvents that modern chemistry has to offer. Providing superior two-in-one cleaning and lubrication, the All-In-One (CLP) removes carbon fouling, oil, and grime, while penetrating deep to provide protection from rust and corrosion, all the while minimizing friction and wear from metal-to-metal contact. The All-In-One (CLP) is a great addition to your range bag to keep your firearms running smoothly.

NEW MULTI-PURPOSE QUICK WIPES

Our Multi-Purpose Quick Wipes act as a cleaner, lubricant, and protectant designed to clean and condition your metal surfaces in one quick & easy step, without sacrificing performance. Formulated from the same chemical platform as our Flagship Military-Grade Solvent and High-Purity Oil, our Quick Wipes are odorless, non-toxic, non-staining, and easy-friendly. The 100% synthetic-based oil will provide exceptional protection across a wide range of temperatures, and the extreme-pressure additives provide superior resistance against rust and corrosion. This low viscosity solution penetrates deep into metal surface disparities to leave a stubborn carbon fouling and other contaminants, and leaves behind a protective film that seals out moisture and minimizes friction and wear. Safe to use on all metal alloys, polymers, and finished stocks.

- Perfect for quick field applications
- Eliminates moisture and removes fingerprints
- Odorless, non-toxic, non-staining and non-carcinogenic
- 100% Synthetic—won't gum up or freeze in extreme temperatures
- Extra durable wipes that won't tear during cleaning
- Temperature range: -54°F to +281°F
BATTLE BORN OILS

Battle Born Oils are a blend of the finest quality synthetic oils available and treated with the most effective extreme pressure additives, corrosion inhibitors, anti-oxidant, anti-foam and anti-wear additives. This unique combination provides maximum firearm lubrication and protection in extreme environmental conditions. Great for use on firearms, knives, bows and even fishing reels.

FEATURES
- Wide temperature range
- Rust and corrosion protection
- Facilitates cleaning
- Won’t gum up
- Water and steam resistant
- Reduces friction and wear
- Non-flammable
- Non-toxic
- Odorless
- Non-staining
- 100% Synthetic

BATTLE BORN HP PRO OIL

Our Battle Born HP PRO Oil lubricant and protectant is a high viscosity, non-migrating blend of high quality, 100% synthetic gun cleaning oils. This anti-rust, anti-foam, non-toxic, odorless lubricant is treated with extreme pressure and anti-wear additives to provide long lasting corrosion protection on high friction parts of your firearm. This innovative gun lubrication solution is safe for all metal, plastic and polymer components.

Operating Temperature Range: From -65°F to 507°F
Viscosity: 25 S.A.E GRADE, wt.
Best Used For: Heavy duty use
AR platforms, Rapid fire / Full auto firearms, pistols and revolvers

BATTLE BORN HIGH-PURITY OIL

Our Battle Born High-Purity Oil, is a general purpose low viscosity oil that is a lighter version of our bestselling HP PRO Oil. This non-toxic, odorless lubricant is treated with the highest quality anti-rust, anti-foam and anti-wear additives to provide ultimate and lasting corrosion protection and lubrication under extreme pressure.

Operating Temperature Range: From -90°F to 417°F
Viscosity: 5 S.A.E GRADE, wt.
Best Used For: Action and bore lubricant and conditioner for all firearms

EXTREME ENDURANCE UNDER EXTREME CONDITIONS

Needle nose applicator for precise application!

JJ Racaza
World Class Competitive Shooter

Breakthrough® Clean is simple, they work! Their high purity lubricants and grease allows my gun to perform at the highest level due to its smoothness and ability to keep my guns as clean as clean as they can allowing me to spend more time shooting and less time cleaning. These products are the only lubricant/cleaning solvents I use in all my guns, both carry and competition.

JJ Racaza
World Class Competitive Shooter

LEXUS

LUBRICANTS

MADE IN THE USA
BATTLE BORN GREASE

Battle Born Grease represents some of the most advanced lubricant technology. It is a versatile, premium-quality synthetic grease fortified with Sub-Micron size PTFE. Blended completely with pure synthetic-based oils, additives and shear stable thickeners to provide maximum firearm protection in extremely high and low temperature.

Operating Temperature Range:
- From -75°F to 510°F

FEATURES
- Odorless
- Non-staining
- Non-toxic
- Non-melting
- Non-flammable
- Wide temperature range
- Water and steam resistant
- Reduces friction and wear
- 100% Synthetic
- Great for use on firearms, knives, bows and even fishing reels

MODEL DESCRIPTION
- BTG-3G BATTLE BORN GREASE FORTIFIED WITH PTFE, 3G PACKET
- BTG-0.25OZ BATTLE BORN GREASE FORTIFIED WITH PTFE, 0.25 OZ TUBE
- BTG-12CC BATTLE BORN GREASE FORTIFIED WITH PTFE, 12CC SYRINGE
- HP100KO-12ML/HEX BATTLE BORN HP100 KNIFE OIL WITH SMT - 12ML BOTTLE/50EA PER BOWL
- HP100KO-1OZ-NTA/HEX BATTLE BORN HP100 KNIFE OIL WITH SMT - 1 OZ BOTTLE/50EA PER BOWL

I was really impressed with the Battle Born HP PRO. I tested both the Battle Born Grease, High-Purity Oil and HP PRO, all of which performed great. Last year I struggled with jams through my AS shotgun, but this year every load went through without issue. Plus the odorless feature of your products is really impressive and critical when hunting. I especially like the way the solvent worked great on the plastic fouling.

Foster Bartholow
World Class Competitive Shooter

Our HP100 Knife Oil with SMT (Sub-Micron Technology) has been engineered to protect and enhance the performance of today's sophisticated folding knife mechanisms. This non-migrating, non-toxic formula, once applied, will prevent the undesirable collection of water and steam inside the mechanism, that would otherwise cause the knife to bound up and become unusable during critical operations and prevent premature failure of the knife mechanism.
VISION SERIES HARD-CASE CLEANING KITS

Our compact Vision Series Cleaning Kit line offers everything you need to ensure a thorough clean. Its plastic tray keeps all the various pieces of the kit organized neatly inside a durable case that acts like a mini toolbox.

These cleaning kits come with cleaning rod sections, various hard bristle nylon brushes, jags, patch holders, and cotton patches. Also included is our durable and detachable aluminum handle with knurling for an easy grip and our mini bottles of Breakthrough® Military-Grade Solvent and Battle Born High-Purity Oil.*

### ANATOMY OF A BATTLE ROPE

- **Core:** Flexible cable section allows you to pass the rope through the ejection port of your firearm.
- **Integrated Bronze Brush:** Embedded into the rope for loosening hard deposits.
- **Caliber Tag:** Makes it easy to identify the rope you are using.
- **Weighted Brass End:** Makes it easy to guide the rope through the barrel.
- **Detachable Hard Bristle Nylon Brush:** Polished for easy cleaning of the rope.

---

BATTLE ROPE™

**BATTLE ROPES™**

The new Breakthrough® Clean Battle Ropes™ are available in a wide variety of caliber widths, to cover all your firearm cleaning needs. Designed to better clean the bore of your firearm, the Battle Rope’s™ integrated bronze brush and detachable hard bristle nylon brush provide twice the cleaning action. The threaded brass links allow for easy detachment of the hard bristle nylon brush for ease of cleaning the rope and its weighted brass end makes it easy to guide the rope through the barrel. The Battle Rope™ features a patented flex cable section allowing you to pass the rope through the ejection port of your firearm without having to field strip your firearm. Thicker than other leading brands, the Battle Rope™ fills the bore completely for a superior clean and its caliber tag makes it easy to always identify the rope you are using.

**ANTI-FOG LENS GEL**
Our Anti-Fog Lens Gel provides a streak-free finish and long-lasting prevention, effectively eliminating fogging on all kinds of lenses including multi-coated lenses. With its brush applicator, easily apply the Anti-Fog Gel without waste and mess from overspray.

**CARBON FIBER CLEANING RODS**
Breakthrough® Clean Technologies’ premium carbon fiber rods offer the safest way to clean the inside of your barrel. Featuring our Smooth Operator™ ergonomic handle and two premium ball-bearing sets, the rod can smoothly navigate through the bore of your firearm without binding up under pressure. The carbon fiber rod offers the security of knowing you’ll never have to worry about scratching or damaging the rifling inside the barrel of your firearm. It’s100% safe and durable carbon fiber construction is lightweight and won’t permanently bend or break inside precision. Protect your investment with the safest and most effective cleaning tools by Breakthrough® Clean Technologies.

**Carbon Fiber Cleaning Rods**
Available in the following lengths:
- 5mm - 12” length .22 cal thru .50 cal handguns / Fits all standard 8-32 threading
- 5mm - 39” length .22 cal thru .50 cal rifles/ Fits all standard 8-32 threading
- 7mm - 45” length .30 cal rifles thru 12 gauge shotguns / Fits all standard 8-32 threading

**5/16”-27 Thread Adapter included**

**ALUMINUM BORE GUIDE**
The Universal Aluminum Bore Guide properly aligns your cleaning rod and protects the chamber, breech, and bore from potential abrasive damage caused by the bowing or bending of your cleaning rod. The Universal Aluminum Bore Guide kit will fit most bolt-action rifles and includes an adapter sleeve for the AR15 which creates a tighter fit and provides additional support to the upper receiver while cleaning your rifle.

Made of durable anodized aluminum and includes interchangeable tips that fit bore sizes from .17 up to .45 which allow the guide to smoothly move through the chamber. Includes a built-in port for mess-free solvent application to the inserted cleaning patch. The threaded brass pin anchors the guide rod to the action to prevent it from moving while pushing a cleaning rod through.
DOUBLE-ENDED FIBER REINFORCED POLYMER PICKS

Our durable, fiber reinforced polymer picks are designed to safely clean all types of firearms surfaces that can be damaged by the use of metallic weapon cleaning tools. Stronger and more break resistant than any other picks on the market, these tools can easily scrape away carbon from hard to reach areas.

Three different picks are included:
1. Fine tipped double-ended tool for cleaning carbon build up from grooved areas. Tool includes a 45-degree angled fine point tool for getting into hard to access areas of the chamber.
2. Fine tipped double-ended tool for cleaning tight channels. Tool includes hooked tip for pulling cleaning cloths through areas that are hard to reach
3. Double-ended tool for cleaning carbon build up on bolt carrier group and sliding guide slot corners that are hard to access.

Breakthrough Clean Technologies sells individual cleaning kit accessories such as brushes, chamber mops, jags, patch holders, cables, rods, and much more! For our full line of cleaning kit products visit breakthroughclean.com.
